

ASSETFLEX®

Customized aftermarket solutions powered by Intertrade, a Collins Aerospace Company

THE ASSETFLEX[®] ADVANTAGE

Customized solutions for your unique challenges

As the demand for air travel increases, commercial and military aircraft service needs are also changing. AssetFlex[®] service programs, powered by Intertrade, offer customized programs that deliver enhanced processes and procedures, unlock value and enable access to considerable know-how – creating long-term value for our customers.

We leverage our aftermarket reach to give you a strategic advantage. Our consignment, exchange and repair chain management programs enable us to service your Collins and non-Collins products.

Providing you direct access to real-time results and consultation to easily adjust your AssetFlex plan

Frequently asked questions

WHAT AIRCRAFT PLATFORMS ARE COVERED?

Most engine or aircraft platforms are covered, ideally between 10 to 25 years into the lifecycle.

WHAT PRODUCTS ARE SUPPORTED?

All engine and airframe products are supported.

WHAT CUSTOMER PROBLEM DO WE SOLVE?

We support customers in their recovery with customized solutions based on their unique goals, strategies and capabilities. Through collaboration, we learn and develop enhanced processes and procedures that drive efficiency.

WHAT IS THE PROCESS?

We take a three-phase approach:

- conduct assessment
- create a statement of work
- execute the plan

The result is cost-effective parts coverage and a customer knowledge base for long-lasting value.

HOW DOES ASSETFLEX INTEGRATE WITHIN COLLINS BUSINESSES?

Intertrade is your one-stop central receiving and shipping solution to navigate all products and services including Collins businesses.

HOW DO WE COORDINATE WITH EXISTING AGREEMENTS?

Intertrade will work with you to coordinate with existing service agreements. Our repair chain management transparent pricing structure and material sourcing solutions leverage customer preferred pricing to ensure overall best value.
