

# G36931-1

## Ground power service bus-cargo light

### *Add functionality of a cargo light without energizing the whole aircraft –*

Rockwell Collins' ground power service bus-cargo light addition adds functionality of the cargo light when the aircraft is powered by the Rockwell Collins ground power service bus, enabling the light to be used for any cleaning or maintenance activities in the baggage compartment without the need to energize the entire aircraft electrical system. The C12031 ground power service bus kit must already be installed to add this kit.

### SPECIFICATIONS

Applicability	Manpower	Kit contents	Weight	Certification	Delivery
DHC-8-100/-200/-300 with Rockwell Collins ground power service bus previously installed in accordance with TCCA SA99-216/FAA ST00998NY	Approximately 12 man-hours	<ul style="list-style-type: none"> <li>&gt; 20A circuit breaker</li> <li>&gt; Pre-marked wiring</li> <li>&gt; Terminals</li> <li>&gt; Release certification TCCA Form One</li> <li>&gt; Approval and installation documentation</li> </ul>	Approximately 1 lb. increase	<ul style="list-style-type: none"> <li>&gt; Transport Canada: C-LSA09-334/DISS1</li> <li>&gt; FAA: STC Pending</li> <li>&gt; EASA: STC Pending</li> </ul>	F.O.B. Winnipeg, Canada
