

STC Information Sheet

FAA STC: ST00421AT

Master Drawing List: 93CALI.063R-1, Appendix A

Aircraft: Boeing B737-100/-200

Configuration: 1

Digital Flight Data Recorder (DFDR) System Upgrade to 11 Parameters

Mod. Order: 93CALI.063R-1, Appendix E

AFMS: N/A

Master Kit List: N/A

ICA: N/A

Summary:

The Digital Flight Data Recorder (DFDR) System upgrade to 11 parameters consists of replacing the existing Digital Flight Data Recorder (DFDR), if required, installation of a biaxial accelerometer, installation of a control column pitch sensor, and interfacing with required signals.

Notes:

Complies with 14 CFR 121.343(c).

Material List

QTY	Part Number	Description	Source/MFGR
1	980-4120-GQXX/-GTXX or 17M703-XXX	Digital Flight Data Recorder (DFDR)	Sundstrand Fairchild
1	65C36707-9	Kit, Control Column Pitch Sensor	Boeing
1	979-0214-201 or 3001-01-101-2	Accelerometer, Biaxial	Sundstrand Magnetek
