STC Information Sheet

FAA STC: ST03734AT

Master Drawing List: 2-71659-001

Aircraft: Boeing B747-400 Series

Configuration: 1

Honeywell HD-710 High Speed Data Terminal / High Power Amplifier Installation

Mod. Order: 2-71659-801

AFMS: N/A

Master Kit List: 2-71659-802

ICA: 2-71659-804

Summary:

The Honeywell HD-710 High Speed Data Terminal / High Power Amplifier (HPA) installation consists of replacing the existing SATCOM system HPA with the new HD-710 HPA, and the installation of ISDN ports, a maintenance port and additional program and signal wiring.

Notes:

* "XX" in the part number represents -01 (Swift 64 Only) or -02 (Swift 64 & Swift Broadband)

Material List

QTY	Part Number	Description	Source/MFGR
1	1252-A-3600-XX*	HD-710, High Power Amplifier	Honeywell
1	B747-HD710-900	Top Kit, HD-710 Combined Mode	B/E Aerospace
