ENGINE MANAGEMENT PROGRAMS

ENGINEWISE INTELLIGENCE

ENHANCING THE HEALTH OF YOUR ENGINES

Pratt & Whitney's Engine Management Programs (EMP) provide expert analysis of engine operational data. We manage your engine health and maintenance planning requirements, helping you achieve superior reliability and controlled maintenance costs over the life of your engines.

Our EngineWise® services allow you to choose the tailored solution that works for your fleet. By sharing our combined expertise, we're able to deliver greater insights, predictive technologies and unprecedented levels of support - enabling you to operate your engines worry-free.

PARTNERING WITH YOU

Capturing Advanced Operational Data

STATE-OF-THE-ART TECHNOLOGY

Delivering System Monitoring & Early Detection

EXPERT ANALYSIS

Providing Recommendations & Proactive Maintenance

BENEFITS TO YOU

Minimizing Operational Disruption & Unplanned Maintenance Cost

SERVICE SOLUTIONS

- Real-time Fleet Information
- Automated Alerts & Trend Notification
- Aircraft Exceedance Reporting
- Automated Fault Isolation
- Fleet Alert Status & Management
- Interactive Engine Trending
- On-wing Performance Analysis
- Fleet Configuration Management
- Standardized Fleet Reports
- Interactive Fleet Watch List
- Web-based Training

- Dedicated 24/7 Customer Support
- P&W Monitoring
- Technical Analysis & Standardized Reporting
- Maintenance & Troubleshooting Recomm.
- Dedicated Point of Contact
- Customized EGT Margin
- Maintaining Customer's Fleet Watch List
- Identifying Concerns & Reason
- Documenting Maintenance Actions
- Historical Records Maintained

- Enhanced Monitoring with FFD
- Convenient Access to DFDR Data
- Full Flight Data Visualization & Plotting
- Advanced Exceedances Notifications
- Advanced Trending Alerts
- Enhanced Fleet, Aircraft, & Engine Health Trending
- Predictive, Prognostics, Diagnostics Analysis Cap.
- P&W Data Analytics Team Investigation Support
- Clear Language Message (CLM) to Acronym Decoding (Feature Includes Email Notification to Customers)
