

**PART I – GENERAL PROVISIONS**

**1. Acceptance of Purchase Order**

Agreement by Seller to furnish the materials, and products ("goods") or services, including the products resulting from services hereby ordered, or its commencement of such performance, or acceptance of any payment, shall constitute Seller's unqualified acceptance of this Purchase Order subject to these terms and conditions. In the event that this Purchase Order does not state price or delivery, Buyer will not be bound to any prices or delivery to which it has not specifically agreed in writing. Any terms or conditions proposed by Seller inconsistent with or in addition to the terms and conditions herein contained shall be void and of no effect unless specifically agreed to by Buyer in writing. Modifications hereof or additions hereto, to be effective, must be made in writing and be signed by Buyer's purchasing representative. These terms and conditions, together with any referenced exhibits, attachments or other documents, constitute the entire agreement between the Parties with respect to the subject matter of this Purchase Order; and supersede any prior or contemporaneous written or oral agreements pertaining thereto.

**2. Shipping Instructions**

- (a) Seller shall be responsible for ensuring the proper packaging of goods hereunder. No charges will be allowed for packing, crating, freight, local cartage, and/or any other services unless so specified in this Purchase Order.
- (b) If Seller uses wood packaging materials such as pallets, crates, boxes, dunnages, cases, skids and pieces of wood used to support or brace cargo being imported into the United States, it shall be heat treated or fumigated with methyl bromide in accordance with EPA label instructions and include a mark that certifies the wood completed the required treatment under the "Guidelines for Regulating Wood Packaging Material in International Trade," ISPM 15 of the International Standards of Phytosanitary Measures (ISPM) and any associated amendments, revisions or exemption identified by the U.S. Department of Agriculture, Animal and Plant Health Inspection Service (APHIS).
- (c) Seller shall at all times comply with Buyer's written shipping instructions and Incoterms reflected on the Purchase Order. Unless otherwise directed, all items shipped on the same day from and to a single location must be consolidated on one bill of lading or airbill, as appropriate. Seller shall submit all required shipping papers to Buyer prior to final payment. For goods purchased F.O.B. origin, Seller shall not insure and not declare a value except when transportation rates are based on "released value," in which instance Seller shall annotate on the bill of lading the lowest released value provided in applicable tariffs.
- (d) Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading, airbills, and invoices.
- (e) Invoices shall be produced entirely in English and shall include the elements set forth in Exhibit A.

**3. Delivery; Notice of Delay**

- (a) Time is of the essence and failure to deliver in accordance with the delivery schedule under this Purchase Order, if unexcused, shall be considered a material breach of this Purchase Order. No acts of Buyer, including without limitation modifications of this Purchase Order or acceptance of late deliveries, shall constitute waiver of this provision. Buyer also reserves the right to refuse or return at Seller's risk and expense shipments made in excess of this Purchase Order or in advance of required schedules, or to defer payment on advance deliveries until scheduled delivery dates.
- (b) Seller shall notify Buyer in writing immediately of any actual or potential delay to the performance of this Purchase Order. Such notice shall include a proposed revised schedule but such notice and proposal or Buyer's receipt or acceptance thereof shall not constitute a waiver to Buyer's rights and remedies hereunder.

**4. Termination for Convenience**

- (a) Buyer may, by written notice, terminate this Purchase Order for convenience and without cause, in whole or in part, at any time, and such termination shall not constitute default. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.
- (b) In the event of termination for convenience by Buyer, Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit for work performed to date of termination. Any termination settlement proposal shall be submitted to Buyer promptly, but no later than ninety (90) days from the effective date of the termination. In no event shall the amount of any

settlement be in excess of the Purchase Order value. Buyer may take immediate possession of all goods, complete or incomplete, and all products resulting from services upon written notice of termination to Seller.

## 5. Termination for Default

- (a) Buyer may, by notice in writing, terminate this Purchase Order in whole or in part at any time for (i) breach of any one or more of its terms, (ii) failure to deliver goods or services within the time specified by this Purchase Order or any written extension, (iii) failure to make progress so as to endanger performance of this Purchase Order, or (iv) failure to provide adequate assurance of future performance. Buyer may also terminate this Purchase Order in whole or in part in the event of Seller's suspension of business, insolvency, appointment of a receiver for Seller's property or business, or any assignment, reorganization or arrangement by Seller for the benefit of its creditors. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.
- (b) In the event of Seller's default hereunder, Buyer may exercise any or all rights and remedies accruing to it, both at law, including without limitation, those set forth in Article 2 of the Uniform Commercial Code, or in equity. In addition, in the event Buyer terminates for default all or any part of this Purchase Order, Seller shall be liable for Buyer's re-procurement costs.
- (c) If this Purchase Order is terminated for default, Buyer may require Seller to transfer title to, and deliver to Buyer, as directed by Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this Section) that Seller has specifically produced or acquired for the terminated portion of this Purchase Order. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

## 6. Force Majeure

- (a) Except for a default of Seller's subcontractor at any tier, neither Buyer nor Seller shall be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the government in its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, strikes, freight embargoes, and unusually severe weather. In the event that performance of this Purchase Order is hindered, delayed or adversely affected by causes of the type described above ("Force Majeure"), then the Party whose performance is so affected shall so notify the other Party's authorized representative in writing and, at Buyer's option, this Purchase Order shall be completed with such adjustments to delivery schedule as are reasonably required by the existence of Force Majeure or this Purchase Order may be terminated for convenience pursuant to Section 4.
- (b) Failure of any relevant government to issue any required import or export license, or withdrawal/termination of a required import or export license by such relevant government, shall relieve Buyer of its obligations under this Purchase Order, and shall relieve Seller of its corresponding obligations.

## 7. Disputes and Governing Law

- (a) If a dispute cannot be resolved to both Parties' mutual satisfaction, after good faith negotiations, within ninety (90) calendar days from the date the written claim is received by the other Party, or such additional time as the Parties agree upon, in writing, such dispute shall be settled in New York, New York by binding arbitration in the English language in accordance with the Rules of the American Arbitration Association. The Appointing Authority shall be the president of the American Arbitration Association. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof. The Arbitrator(s) award may include compensatory damages against either Party. Under no circumstances will the Arbitrator(s) be authorized to, nor shall they award punitive damages or multiple damages against either Party. The Arbitrator(s) shall have the authority but not the obligation to award the costs of arbitration and reasonable attorney's fees to the prevailing Party; however, if the Arbitrator(s) do not award such costs and fees, each Party will be responsible for its costs incurred in arbitration except that the costs and fees imposed by the Arbitrator(s) for their expenses shall be borne equally by the Parties.
- (b) Pending resolution or settlement of any dispute arising under this Purchase Order, Seller will proceed diligently as directed by Buyer with the performance of this Purchase Order. Irrespective of the place of performance, this Purchase Order shall be governed and construed in accordance with the laws of the State within the United States from which this Purchase Order is issued by Buyer, without regard to its conflicts of laws provisions, except that any provision in this Purchase Order that is: (i) incorporated in full text or by reference from the Federal Acquisition Regulation (FAR) or; (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR or; (iii) that is substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasijudicial agencies of the

United States Government. The provisions of the "United Nations Convention on Contracts for International Sale of Goods" shall not apply to this Purchase Order, including any amendments or changes to this Purchase Order.

## 8. Remedies

- (a) Except as otherwise provided herein, the rights and remedies of both Parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either Party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies; rather, the same shall remain in full force and effect.
- (b) Buyer shall be entitled at all times to set off any amount owing at any time from Seller or any of its affiliated companies to Buyer, against any amount payable at any time by Buyer or any of its affiliated companies to Seller.

## 9. Proprietary Rights

- (a) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction.
- (b) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items which are (i) supplied to Seller by Buyer or (ii) obtained or developed by Seller in the performance of this Purchase Order or paid for by Buyer shall be proprietary to Buyer, shall be used only for purposes of providing goods or services to Buyer pursuant to this Purchase Order, and shall not be disclosed to any third party without Buyer's express written consent. All such items supplied by Buyer or obtained by Seller in performance of this Purchase Order or paid for by Buyer shall be promptly provided to Buyer on request or upon completion of this Purchase Order.
- (c) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, any invention or intellectual property first made or conceived by Seller in the performance of this Purchase Order or which is derived from or based on the use of information supplied by Buyer shall be considered to be the property of Buyer; and Seller shall execute such documents necessary to perfect Buyer's title thereto. Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, any work performed pursuant to this Purchase Order which includes any copyright interest shall be considered a "work made for hire". Subject to Paragraph 9(d) below, to the extent any of such works do not qualify as a "work made for hire", Seller hereby assigns to Buyer all its intellectual property rights, including its copyright rights, in such works effective immediately upon creation of such works, including when they are first fixed in a tangible medium.
- (d) Applicable U.S. Government Procurement Regulations incorporated into this Purchase Order shall, when applicable, take precedence over any conflicting provision of this Section 9 to the extent that such Regulations so require. The incorporation by reference of such U.S. Government Regulations dealing with subcontractors rights in Technical Data, subject inventions, copyrights, software and similar intellectual property are not intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted to Buyer pursuant to prior agreements between the Parties.

## 10. Buyer's Property

- (a) All drawings, tools, jigs, dies, fixtures, materials, and other property supplied or paid for by Buyer shall be and remain the property of Buyer; and if Seller fails to return such property upon Buyer's demand, Buyer shall have the right, upon reasonable notice, to enter Seller's premises and remove any such property at any time without being liable for trespass or damages of any sort.
- (b) All such items shall be used only in the performance of work under this Purchase Order unless Buyer consents otherwise in writing.
- (c) Goods made in accordance with Buyer's specifications and drawings shall not be furnished or quoted by Seller to any other person or concern without Buyer's prior written consent.
- (d) Seller shall have the obligation to maintain any and all property furnished by Buyer to Seller and all property to which Buyer acquires an interest by this Purchase Order and shall be responsible for all loss or damage to said property except for normal wear and tear.
- (e) Upon request, Seller shall provide Buyer with adequate proof of insurance against such risk of loss or damage.

- (f) Seller shall clearly mark, maintain in inventory, and keep segregated or identifiable all of Buyer's property.

#### 11. Release of Information

Seller shall not publish, distribute, or use any information developed under or about the existence of this Purchase Order, or use the Raytheon Company name (or the name of any division, affiliate or subsidiary thereof), logo, trademark, service mark, or trade dress for the purpose of advertising, making a news release, creating a business reference, creating a website content or for goods or service endorsement without prior written approval of Buyer.

#### 12. Order of Precedence

- (a) In the event of any inconsistency or conflict between or among the provisions of this Purchase Order, such inconsistency or conflict shall, subject to Section 9(d) above, be resolved by the following descending order of preference: 1. Order-specific provisions provided in full text on the Purchase Order as additions to the pre-printed terms; 2. Documents incorporated by reference on the Purchase Order which apply to the Purchase Order as a whole and not to a specific line item therein; 3. These International General Terms and Conditions of Purchase and Supplements thereto; 4. Statement of Work; and 5. Specifications attached hereto or incorporated by reference (see Paragraph 12(b) below).
- (b) Buyer's specifications, including but not limited to Raytheon Quality Notes (see <http://qnotes.raytheon.com/>), shall prevail over those of the United States Government, and both of the foregoing shall prevail over specifications of Seller. In the event of conflict between specifications, drawings, samples, designated type, part number, or catalog description, the specifications shall govern over drawings, drawings over samples, whether or not approved by Buyer, and samples over designated type, part number, or catalog description. In cases of ambiguity in the specifications, drawings, or other requirements of this Purchase Order, Seller must, before proceeding, consult Buyer, whose written interpretation shall be final.

#### 13. Warranty

- (a) Seller warrants the goods delivered pursuant to this Purchase Order, unless specifically stated otherwise in this Purchase Order, shall (i) be new; (ii) be and only contain materials obtained directly from the Original Equipment Manufacturer (OEM) or an authorized OEM reseller or distributor; (iii) not be or contain Counterfeit Items; (iv) contain only authentic, unaltered OEM labels and other markings; and (v) be free from defects in workmanship, materials, and design and be in accordance with all the requirements of this Purchase Order. Seller further warrants that the performance of work and services shall conform with the requirements of this Purchase Order and to high professional standards. These warranties shall survive inspection, test, final acceptance and payment of goods and services.
- (b) For purposes of this Section 13 Warranty, a Counterfeit Item is defined to include, but is not limited to, (i) an item that is an illegal or unauthorized copy or substitute of an Original Equipment Manufacturer (OEM) item; (ii) an item that does not contain the proper external or internal materials or components required by the OEM or that is not constructed in accordance with OEM design; (iii) an item or component thereof that is used, refurbished or reclaimed but Seller represents as being a new item; (iv) an item that has not successfully passed all OEM required testing, verification, screening and quality control but that Seller represents as having met or passed such requirements; or (v) an item with a label or other marking intended, or reasonably likely, to mislead a reasonable person into believing a non-OEM item is a genuine OEM item when it is not.
- (c) Seller warrants that any hardware, software and firmware goods delivered under this Purchase Order: (i) shall not contain any viruses, malicious code, Trojan horse, worm, time bomb, self-help code, back door, or other software code or routine designed to: (a) damage, destroy or alter any software or hardware; (b) reveal, damage, destroy, or alter any data; (c) disable any computer program automatically; or (d) permit unauthorized access to any software or hardware; (ii) shall not contain any third party software (including software that may be considered free software or open source software) that (a) may require any software to be published, accessed or otherwise made available without the consent of Buyer, or (b) may require distribution, copying or modification of any software free of charge; (iii) shall not infringe any patent, copyright, trademark, or other proprietary right of any third party or misappropriate any trade secret of any third party.
- (d) This warranty entitlement shall inure to the benefit of both Buyer and Buyer's customers. As used in this Purchase Order, Buyer's customer(s) shall include its direct and indirect customers such as direct sale end-users, higher-tier subcontractors, prime contractors and the ultimate user under relevant prime contract(s).
- (e) Seller shall be liable for and save Buyer harmless from any loss, damage, or expense whatsoever that Buyer may suffer from breach of any of these warranties. Remedies shall be at Buyer's election, including the prompt repair, replacement or reimbursement of the purchase price of nonconforming goods and, in the case of services either the prompt correction of the defective services at no cost or reimbursement of the amounts paid for such services. Return to Seller of defective or

nonconforming goods and redelivery to Buyer of repaired or replaced goods shall be at Seller's expense. Goods or services required to be corrected, repaired or replaced shall be subject to this Section and the Inspection Section of this Purchase Order in the same manner and to the same extent as goods or services originally delivered under this Purchase Order, but only as to the repaired or replaced goods or parts thereof or the corrected service thereof. Seller shall promptly comply with Buyer's direction to (i) repair, rework or replace the goods, (ii) furnish any material or parts and installation required to successfully correct the defect or nonconformance or (iii) successfully correct the defective or nonconforming service.

#### 14. Inspection

- (a) All goods and services shall be subject to inspection and test at all reasonable times and places by Buyer or Buyer's customer before, during and after performance and delivery. Buyer may require Seller to repair, replace or reimburse the purchase price of rejected goods or Buyer may accept any goods and upon discovery of nonconformance, may reject or keep and rework any such goods not so conforming. Cost of repair, rework, replacement, inspection, transportation, repackaging, and/or reinspection by Buyer shall be at Seller's expense. Buyer's acceptance of goods or services shall not be deemed to diminish Buyer's rights or be final or binding on Buyer if latent defects, fraud, or misrepresentation on the part of Seller exists.
- (b) If inspection and test are made on the premises of Seller or Seller's lower-tier subcontractors, Seller shall furnish without additional charge all reasonable facilities, information and assistance necessary for the safe and convenient inspection and tests required by the inspectors in the performance of their duty. The foregoing provisions of this Section are supplementary to and not in lieu of the provisions of Paragraph 14 (a) above.
- (c) Neither Buyer's inspection nor any Buyer failure to inspect shall relieve Seller of any responsibility to perform according to the terms of this Purchase Order.

#### 15. Changes

- (a) Buyer shall have the right by written notice to suspend or stop work or to make changes from time to time in the services to be rendered or the goods to be furnished by Seller hereunder or the delivery schedule. If such suspension, stoppage or changes cause an increase or decrease in the cost of performance of this Purchase Order or in the time required for its performance, an equitable adjustment shall be negotiated promptly and the Purchase Order shall be modified in writing accordingly. Any claim by Seller for adjustment under this Paragraph 15(a) must be asserted in writing within twenty (20) days from the date of receipt by Seller of notification of the change or suspension and shall be followed as soon as practicable with specification of the amount claimed and supporting cost figures. However, nothing herein shall excuse Seller from proceeding with this Purchase Order as changed pending resolution of the claim.
- (b) Information, advice, approvals or instructions given by Buyer's technical personnel or other representatives shall be deemed expressions of personal opinion only and shall not affect Buyer's and Seller's rights and obligations hereunder unless set forth in a writing which is signed by Buyer's purchasing representative and which states it constitutes an amendment or change to this Purchase Order.

#### 16. Infringement

Seller warrants that all goods and services (for purposes of this Section 16 hereinafter "items"), provided by Seller pursuant to this Purchase Order, which are not of Buyer's design, shall be free from claims of infringement (including misappropriation) of third party intellectual property rights and that any use or sale of such items by Buyer or any of Buyer's customers shall be free from any claims of infringement. Seller shall indemnify and save Buyer, and its customers harmless from any and all expenses, liability, and loss of any kind (including all costs and expenses including attorneys' fees) arising out of claims, suits, or actions alleging such infringement, which claims, suits, or actions Seller, hereby, agrees to defend, at Seller's expense, if requested to do so by Buyer. Seller may replace or modify infringing items with comparable items acceptable to Buyer of substantially the same form, fit, and function so as to remove the source of infringement, and Seller's obligations under this Purchase Order including those contained in Section 13 and in this Section 16 shall apply to the replacement and modified items. If the use or sale of any of the above items is enjoined as a result of such claim, suit or action, Seller, at no expense to Buyer, shall obtain for Buyer and its customers the right to use and sell said item.

#### 17. Taxes

Unless this Purchase Order specifies otherwise, the price of this Purchase Order includes, and Seller is liable for and shall pay, all taxes, impositions, charges, customs duties or tariffs and exactions imposed on or measured by this Purchase Order except for applicable sales and use taxes that are separately stated on Seller's invoice. Prices shall not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption. To the extent that Buyer is required to do so under applicable law or tax regulations, Buyer may deduct from any payments due to Seller pursuant to this Purchase

Order such taxes as Buyer is required to withhold from such payments and pay such taxes to the relevant tax authorities; provided, however, that Buyer provides Seller with relevant tax receipts or other suitable documentation evidencing the payment of such taxes promptly after such taxes are paid.

#### 18. Assignments, Subcontracting, and Organizational Changes

- (a) Seller may not assign any rights or delegate any of its obligations due or to become due under this Purchase Order without the prior written consent of Buyer. Any purported assignment or delegation by Seller without such consent shall be void. Buyer may assign this Purchase Order to (i) any affiliated company, (ii) any successor in interest, or (iii) Buyer's customer.
- (b) Seller may not subcontract any part of this Purchase Order without the prior written consent of Buyer. Buyer shall not be obligated to any subcontractor for the materials, products or services of any subcontractor whether or not Buyer has consented to or designated a subcontractor. Approval of a subcontractor is not a release or waiver of any obligation of Seller or right of Buyer. Seller is responsible for all actions or inactions of any subcontractor and shall bind its subcontractors for the benefit of Seller and Buyer to perform its obligations under these terms. If Seller subcontracts any part of the work outside the country of purchase, Seller shall be responsible for customs formalities and clearances to the country of Purchase Order placement, unless the Purchase Order states otherwise, and Buyer may direct the contract of carriage. Seller shall agree with Buyer on a mutually acceptable customs broker, but Seller shall in no way be relieved from its responsibilities for customs formalities and clearances, including the actions of the selected customs broker. Any subcontract awarded to a foreign person, as defined in the International Traffic in Arms Regulations or the Export Administration Regulations, must comply with the Export and Import Compliance Controls Section herein.
- (c) Seller shall promptly notify Buyer in writing of any organizational changes made by Seller, including name or ownership changes, mergers or acquisitions.

#### 19. Compliance with Law

- (a) Seller warrants that it shall comply with all applicable Federal, State and local laws, rulings, and regulations of the United States of America, including the Foreign Corrupt Practices Act, 15 U.S.C. § 78 et seq. (the "FCPA"), and all laws and regulations of Seller's country and Seller's place of performance, throughout the term of this Purchase Order.
- (b) Seller represents and warrants to, and covenants and agrees with, Buyer that:
  - 1. Seller is familiar with the FCPA and its purposes. In particular, Seller is familiar with the FCPA's prohibition of the acts described herein.
  - 2. In connection with its performance of this Purchase Order, Seller has not, directly or indirectly, offered, paid, given, promised to pay or give, or authorized the payment or giving of any money, gift, or anything of value, and will not, directly or indirectly, offer, pay, give, promise to pay or give, or authorize the payment or giving of any money, gift, or anything of value to: (i) any foreign official (as defined herein), any foreign political party or official thereof, or any candidate for foreign political office; or (ii) any person while knowing that all or a portion of such money, gift or thing of value will be offered, paid, given or promised, directly or indirectly, to any such foreign official, foreign political party or official thereof, or to any candidate for foreign political office, (each such official, political party or official thereof or candidate or person being herein called a "Restricted Person"); or (iii) any officer, director, shareholder, employee or agent of any foreign government entity or person; for the purpose of influencing any act or decision of such foreign official, foreign political party or official thereof, candidate or person, officer, director, shareholder, employee or agent in his, her or its official capacity, or inducing such foreign official, foreign political party or official thereof, or candidate or person to do or omit to do any act in violation of the lawful duty of such foreign official, foreign political party or official thereof, candidate or person, or securing any improper advantage; or inducing such foreign official, foreign political party or official thereof, candidate or person, officer, director, shareholder, employee or agent to use his, her or its influence with any foreign government or instrumentality thereof or any customer to affect or influence any act or decision of such foreign government or instrumentality or customer; in order to assist Buyer in obtaining or retaining business with, or directing business to, any person. As used herein, "foreign official" means any officer or employee of a foreign government or any department, agency, or instrumentality thereof, or any enterprise owned or controlled by a foreign government, department, agency or instrumentality, or of a public international organization, or any person acting in an official capacity for or on behalf of any such government or department, agency, or instrumentality, or for or on behalf of any such public international organization.
  - 3. None of Seller's officers, directors, shareholders, employees or agents is a Restricted Person. Neither Seller nor any of its shareholders, directors, officers, employees or agents has performed or will perform any act which would constitute a violation of the FCPA or which would cause Buyer to be in violation of the FCPA. Payments by Seller to officers or employees of an

- entity that is owned and controlled by a foreign government are permitted where such payments constitute normal and lawful compensation commensurate with services performed and not made in a selective, discriminatory or preferential manner.
4. No Restricted Person has a right to share directly or indirectly in any compensation payable under this Purchase Order. No payment will be made hereunder to any person other than Seller; and no payment will be made to Seller under this Purchase Order other than the payment of the compensation in accordance with the terms hereof. No compensation payable hereunder, has been used, nor will be used, for any activity or purpose that would violate the FCPA or that might expose Buyer to liability under the FCPA.
  5. Any modification or amendment to this Purchase Order shall be deemed a re-certification of the accuracy and truthfulness of the foregoing representations and warranties of this Section.
  6. Seller's price quotations and invoice prices shall accurately and fairly reflect the commensurate value of the goods and services provided under this Purchase Order.
  7. Seller shall cooperate with, and provide assistance to, Buyer in implementing adequate due diligence procedures in connection with the selection and retention of consultants and subcontractors by Buyer or Seller. In the event that Buyer determines that consultants and subcontractors selected and to be retained by Seller are a foreign official as defined above, Seller shall confirm that such consultants and subcontractors are competent, experienced and financially solvent and shall cause each such consultant and subcontractor to complete the Questionnaire and Certification form attached hereto as Exhibit B and any other documentation reasonably required by Buyer, and shall deliver such completed form and any required documentation to Buyer for review. If, after review of the completed Questionnaire and Certification form and any required documentation, Buyer agrees to Seller's use of such consultant or subcontractor in connection with satisfying the requirements of this Purchase Order, Seller shall include the substance of this Section 19 in any agreement between Seller and the consultant or subcontractor and shall cause the consultant or subcontractor to include the substance of this Section 19 in all agreements with any lower tier consultants or subcontractors.
- (c) Seller certifies that neither Seller nor anyone employed by Seller is in violation of applicable federal statutes such as the Defense Acquisition Improvement Act of 1986 and the Post-Employment Restrictions Act of 1988 with regard to the employment of former government officers and employees and Section 423, Title 41 of the United States Code prohibiting certain activities by competing contractors and Government procurement officials during the conduct of Federal procurements involving soliciting or discussing post-government employment, offering or accepting a gratuity, or soliciting or disclosing proprietary or source selection information.
- (d) The provisions of this Section 19, including this Paragraph (d), shall be included in any agreement between Seller and any consultant or subcontractor where the subcontract includes a statement of work. For these purposes, a statement of work is deemed to be a narrative description of the goods and/or services to be supplied. Seller and its employees who are employed by Seller to perform Seller's obligations and work under this Purchase Order are in compliance with federal statutes and regulations applicable to federal procurements under United States Government Contracts, including but not limited to:
1. 18 U.S.C. § 207 restricting the employment of former government employees;
  2. 41 U.S.C. § 423 (Procurement Integrity as set forth at FAR 3.104) prohibiting during the conduct of Federal Procurements, the soliciting or discussing post-government employment, offering a gratuity, or soliciting or disclosing proprietary or source selection information; and
  3. The Honest Leadership and Open Government Act of 2007.
- (e) Seller further agrees to save Buyer harmless and indemnify Buyer from any loss, damage, fine or penalty or expense whatsoever that Buyer may suffer as a result of Seller's failure to comply with its certification under Paragraph 19(b) above.
- (f) Seller warrants that it and its officers, employees or representatives have not, for the purpose of improperly obtaining or rewarding favorable treatment in connection with the award of this Purchase Order to Seller from Buyer: (1) provided, attempted to provide, or offered to provide any kickback; (2) solicited, accepted, or attempted to accept any kickback; or (3) included, directly or indirectly, the amount of any kickback prohibited by (1) or (2) of this Section in the price charged by Seller to Buyer under this Purchase Order. Any breach of this warranty shall constitute a material breach of this Purchase Order. For purposes of this Section, the term "kickback" means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided, directly or indirectly, to Buyer or Buyer's officers, employees or representatives, including any of their family members, subcontractors, or subcontractor employees, for the purpose of improperly obtaining or rewarding favorable treatment in connection with this Purchase Order.

- (g) Seller shall obtain and maintain all registrations, licenses and permits required to perform the work hereunder.

## 20. Responsibility and Insurance

Seller shall comply with all the rules and regulations established by Buyer for access to and activities in and around premises controlled by Buyer or Buyer's customer. Seller shall be responsible for the actions and failure to act of all parties retained by, through, or under Seller in connection with the performance of this Purchase Order. Seller shall also maintain, and cause its subcontractors to maintain, such General Liability, Property Damage, Employer's Liability, and Workers' Compensation Insurance, Professional Errors and Omissions Insurance, and Motor Vehicle Liability (Personal Injury and Property Damage) Insurance as are specified in this Purchase Order or, if none are specified, such amount as will protect Seller (and its subcontractors) and Buyer from said risks and from any claims under any applicable Workers' Compensation, Occupational Disease, and Occupational Safety and Health statutes. Seller shall provide Buyer with certificates evidencing required insurance upon Buyer's request.

## 21. Indemnity Against Claims

- (a) Seller shall keep its work and all goods supplied by it hereunder and Buyer premises free and clear of all liens and encumbrances, including mechanic's liens, in any way arising from performance of this Purchase Order by Seller or by any of its vendors or subcontractors. Seller may be required by Buyer to provide a satisfactory release of liens as a condition of final payment.
- (b) Seller shall, without limitation, indemnify and save Buyer and its customer(s) and their respective officers, directors, employees and agents harmless from and against (i) all claims (including claims under Workers' Compensation or Occupational Disease laws or other equivalent laws in Seller's country) and resulting costs, expenses (including attorney fees and costs) and liability which arise from personal injury, death, or property loss or damage attributed to, or caused by, the goods supplied, or the services performed by Seller pursuant to this Purchase Order, including, without limitation, latent defects in such goods and/or services, except to the extent that such injury, death, loss or damage is caused solely and directly by the negligence of Buyer, and (ii) all claims (including resulting costs, expenses and liability) by the employees of Seller or any of its subcontractors.
