Completed Form is Most Private**

Supplier: RTX Corporation and its affiliates and subsidiaries, including, but not limited to, Collins Aerospace, Pratt & Whitney and Raytheon (collectively “RTX”) must gather and maintain certain registration data from all suppliers of goods and services to RTX. RTX must also gather additional representations and certifications from **Suppliers** who do (or want to) provide goods or services in support of a U.S. government (“USG”) contract. This form is designed to efficiently and effectively gather both the required registration information and, when applicable, the additional representations and certifications.

Supplier: The preferred method of submission is through Exostar’s SecureForms application. If you are unable to use SecureForms, contact your Raytheon representative for instructions on how to submit a paper copy. Completed PDF forms may only be submitted in response to an encrypted RTX Secure Messaging Gateway [RSMG] message initiated by Raytheon. The Raytheon representative can also initiate the process of providing access to Exostar’s SecureForms application, if needed.

Raytheon: As noted above, the preferred method for suppliers to submit the CR-003 form is via Exostar’s SecureForms application, which is the only method by which to update their responses in our database. If a supplier is unable to use Exostar, please use [\[RSMG\]](#) to securely send the form as that will ensure it is encrypted in both directions. *For the purposes of this document, the designation of “Internal Use Only” is equivalent to “Company Use Only.”

(i) **Supplier** and/or any of its Principals:

CONTINUED**B.5. FAR 52.209-5 (AUG 2020) — Certification Regarding Responsibility Matters (TAILORED)**

- (A) **Are** (**Are not**) presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (B) **Have** (**Have not**) within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if **Supplier** checks "have", see also FAR 52.209-7);
- (C) **Are** (**Are not**) presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.
- (D) **Have** (**Have not**) within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$10,000 for which the liability remains unsatisfied.
- (1) Federal taxes are considered delinquent if both of the following criteria apply:
- (i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted;
- (ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (2) Examples:
- (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Section 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (ii) The IRS has filed a notice of federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Section 6320, entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Section 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
- (ii) **Supplier** **has** (**has not**) within a three-year period preceding this offer, had one or more contracts terminated for default by any federal agency.

CONTINUED**B.5. FAR 52.209-5 (AUG 2020) — Certification Regarding Responsibility Matters (TAILORED)**

(2) “Principal” for the purposes of this certification, means officer; director; owner; partner; and/or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the U.S. and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Pursuant to 18 U.S.C. 1001.

- (b) **Supplier** shall provide immediate written notice to RTX if, at any time prior to subcontract or PO award, **Supplier** learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under a solicitation. However, the certification will be considered in connection with a determination of **Supplier’s** responsibility. Failure of **Supplier** to furnish a certification or provide such additional information as requested by RTX may render **Supplier** non-responsible.
- (d) Nothing contained in the foregoing shall be construed to require establishment of a system of records to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of a **Supplier** is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance will be placed when making an award. If it is later determined that **Supplier** knowingly rendered an erroneous certification, in addition to any other available remedies, RTX may terminate the subcontract or PO resulting from a solicitation for default.
