

1 - Acceptance of Purchase Order

Agreement by Seller to furnish the materials, parts and products ("goods") or to provide the services ("services") as set out in the Purchase Order, including the products resulting from services hereby ordered, or its commencement of such performance, or acceptance of any payment, shall constitute Seller's unqualified acceptance of this Purchase Order subject to these terms and conditions. In the event that this Purchase Order does not state price or delivery, Buyer will not be bound to any prices or delivery to which it has not specifically agreed in writing. Any terms or conditions proposed by Seller inconsistent with or in addition to the terms and conditions herein contained shall be void and of no effect unless specifically agreed to by Buyer in writing. Modifications hereof or additions hereto, to be effective, must be made in writing and be signed by Buyer's purchasing representative. These terms and conditions, together with any referenced exhibits, attachments or other documents, constitute the entire agreement between the Parties with respect to the subject matter of this Purchase Order; they supersede any prior or contemporaneous written or oral agreements pertaining thereto; and Buyer acknowledges that it has not relied on any statement, representation or assurance other than those expressly set out in these terms and conditions and any such referenced documents.

2 - Shipping Instructions

- a) Seller shall be responsible for ensuring the proper packaging of goods hereunder. No charges will be allowed for packing, crating, freight, local cartage, and/or any other services unless so specified in this Purchase Order.

- c) Seller shall at all times comply with Buyer's written shipping instructions and Incoterms® (2020) reflected on the Purchase Order. Unless otherwise directed, or regulations restrict, all items shipped on the same day from and to a single location must be consolidated on one bill of lading or air bill, as appropriate. Seller shall submit all required shipping papers to Buyer prior to final payment. Title to goods furnished under this Purchase Order shall pass to Buyer upon delivery and risk shall pass only on acceptance by the Buyer or as otherwise specified in the Purchase Order. For goods purchased FCA Seller's premises, Seller shall not insure and not declare a value except when transportation rates are based on "released value," in which instance Seller shall annotate on the bill of lading the lowest released value provided in applicable tariffs.
- d) Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading, air bills, and invoices.
- e) Invoices shall be produced entirely in English and shall include the elements set forth in Exhibit A.

3 - Delivery; Notice of Delay; Obsolescence

- a) On time performance is a material condition of this Purchase Order and failure to perform according to the delivery schedule in this Purchase Order, if unexcused, shall be considered a material breach. On-time delivery performance is measured as zero (0) days late. No acts of Buyer, including without limitation modifications of this Purchase Order or acceptance of late deliveries, shall constitute a waiver of this provision. Buyer also reserves the right to refuse or return at Seller's risk and expense shipments made in excess of this Purchase Order or in advance of required schedules, or to defer payment on advance deliveries until scheduled delivery dates.
- b) Seller shall notify Buyer in writing immediately of any actual or potential delay to the performance of this Purchase Order. Such notice shall include a proposed revised delivery schedule but such notice and proposal or Buyer's receipt or acceptance thereof shall not constitute a waiver to Buyer's rights and remedies hereunder. Seller shall remain liable for all activity to mitigate the potential impact of any such delay.
- c) Buyer may reject or return, at Seller's risk and expense, shipments of Goods made in excess of the Purchase Order Order quantities or in advance of the agreed Delivery Date. Buyer may defer payment, and transfer of title to Buyer and the commencement of the warranty period shall not occur, on Goods delivered in advance of the scheduled Delivery Date until the scheduled Delivery Date for such Goods.

- i. During performance of this Purchase Order, Seller shall within 10 business days of becoming aware, notify Buyer of any planned obsolescence of the good(s) set out in this Purchase Order.
 - ii. Seller shall submit to Buyer, within 10 business days of notification pursuant to Clause 3(c)(i), a plan to resolve the impact to the Purchase Order caused by the obsolescence, at Seller's cost. This plan will only be deemed to have been accepted if Buyer provides written acceptance of the plan to the Seller.
 - iii. In no event shall Buyer accept any cost increase due to obsolescence of the Goods or any component thereof.
- d) Except as otherwise set forth in a Purchase Order, Seller shall deliver electronically by way of the internet all software of any type, including manuals. Seller shall separately itemise the prices of electronically delivered software, licences, fees, and Services on invoices. Invoices shall clearly indicate the manner of software delivery by inclusion of the phrase, "software delivered electronically to the customer via the Internet."
- e) Seller shall promptly and duly deliver to Buyer such further documents and take such further actions as Buyer may from time-to-time reasonably request to effectively carry out the intent and purpose of the Purchase Order.
- f) At any time, if Buyer, in its reasonable discretion, believes that Seller may not have the ability, for any reason, to continue performing any Purchase Order, including, without limitation, any material change to Seller's financial condition, balance sheet, or its credit or similar rating, Buyer may request, and Seller shall provide, written adequate assurances from Seller of its ability, desire, and intent to continue performing. Buyer will specify the nature of its concerns, and Seller will provide Buyer with documents, financial data, or other information needed to satisfy Buyer's concerns. Further, Seller will immediately notify Buyer in the event Seller believes it may be unable to pay its debts when due or there is a material change in Seller's financial position, balance sheet or its credit or similar rating. In the event either or both Parties have concern about Seller's ability to continue its performance, the Parties will coordinate to ensure that Buyer receives goods and services without interruption in accordance with the Purchase Order. In particular, Seller will assist and compensate Buyer for the costs associated with transitioning to another seller, Buyer assuming the production of the goods or performance of the services itself, protecting the tooling and other equipment necessary for production of the goods and performance of the services, and taking other reasonable steps to ensure the goods are produced and services performed without interruption according to Buyer's specifications. Buyer shall also have the right to require Seller to (i) obtain a guarantee from a controlling party of, or a secured party to, Seller, if applicable, and (ii) implement remedial actions directed by Buyer to improve Seller's performance under the Purchase Order. Buyer may also elect to terminate in accordance with Clause 5(a) where Seller fails to provide adequate assurance of future performance.

4 - Termination for Convenience

- a) Buyer may, by written notice, terminate this Purchase Order for convenience and without cause, in whole or in part, at any time, and such termination shall not constitute default. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.
- b) In the event of termination for convenience by Buyer, Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit as determined by the Buyer for work performed to date of termination. Any termination settlement proposal shall be submitted to Buyer promptly, but no later than sixty (60) calendar days from the date of the termination. In no event shall the amount of any settlement be in excess of the Purchase Order value. Buyer may take immediate possession of all goods, complete or incomplete, and all products resulting from services upon written notice of termination to Seller.

5 - Termination for Default

- a) Buyer may, after providing Seller with ten (10) calendar days written notice, and upon Seller's failure to cure such default in that ten (10) day period ("Cure Period"), terminate this Purchase Order in whole or in part at any time by notice in writing for (i) breach of any one or more of its terms, (ii) failure to deliver goods or services within the time specified by this Purchase Order or any written extension, (iii) failure to make progress so as to endanger performance of this Purchase Order, or (iv) failure to provide adequate assurance of future performance; provided, however, there shall be no Cure Period for default related to failure to meet the delivery schedule or defaults incapable of cure. Buyer may also terminate this Purchase Order in whole or in part without a cure period in the event of Seller's breach of its ethics covenants or Raytheon Supplier Code of Conduct requirements, including suspension of business, inability to pay debts,

insolvency, appointment of a receiver, liquidator or administrator for Seller's property or business, any assignment, reorganisation or arrangement by Seller for the benefit of its creditors, or any analogous event. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.

- b) In addition to the rights under 5(a),
 - i. Buyer may Terminate for Default if the Seller or any of its directors, officers, or employees are prevented from performing Services in the jurisdiction where work is performed or to any Government, Government Official in conjunction with an administrative, public, court or political decision or Purchase order (such as debarment, blacklisting, country restrictions or sanctions, license withdrawal or suspension).
 - ii. Buyer may Terminate for Default in the event of a change of ownership of the Seller under 18(c).
- c) In addition to the rights under 5(a) and 5(b), Buyer may Terminate for Default if the Seller refuses or fails to cooperate with any Buyer audit or investigation.
- d) In the event of Seller's default hereunder, Buyer may exercise any or all rights and remedies accruing to it, both at law, including without limitation, those implied into this Purchase Order by the United Kingdom Sale of Goods Act 1979 as amended, or in equity. In addition, in the event Buyer terminates for default all or any part of this Purchase Order, Seller shall be liable for Buyer's excess re-procurement costs, including damages resulting from Seller's default.
- e) Buyer shall have the right to suspend payments where any one or more of the events in Clause 5(a) or (b) occur.
- f) If this Purchase Order is terminated for default, Buyer may require Seller to transfer title to, and deliver to Buyer, as directed by Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, including but not limited to parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "Manufacturing Materials") that Seller has specifically produced or acquired for the terminated portion of this Purchase Order. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

6 - Force Majeure

- a) Except for a default of the Seller's Subcontractor (a person, firm or company engaged by the Seller to perform or produce the whole or part of goods or services that form the subject of the contract), neither Buyer nor Seller shall be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, acts of God or of the public enemy, acts of the government in its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, freight embargoes, and unusually severe weather. Buyer shall also be excused for any failure or delay in performance due to any cause beyond its reasonable control, including an unforeseen reduction in demand or any cause attributable to Buyer's customers. In the event that performance of this Purchase Order is hindered, delayed or adversely affected by causes of the type described above ("Force Majeure"), then the Party whose performance is so affected shall so notify the other Party's authorised representative in writing and, at Buyer's option, this Purchase Order shall be completed with such adjustments to the delivery schedule as are reasonably required by the existence of Force Majeure or this Purchase Order may be terminated for convenience pursuant to Clause 4.
- b) Failure of any relevant government to issue any required import or export license, or withdrawal/termination of a required import or export license by such relevant government, shall relieve Buyer of its directly affected obligations under this Purchase Order, and shall relieve Seller of its corresponding obligations.

7 - Disputes and Governing Law

- a) If a dispute cannot be resolved to both Parties' mutual satisfaction, after good faith negotiations, within ninety (90) calendar days from the date the written claim is received by the other Party, or such additional time as the Parties agree upon, in writing, such dispute shall be settled as follows: (i) where the Seller is a UK entity the Parties irrevocably agree that the dispute shall be submitted to the courts of England and Wales which shall have exclusive jurisdiction, unless the Buyer notifies the Seller in writing that it opts for arbitration in accordance with the following provision; (ii) where the Seller is not a UK entity or where the Buyer has opted for arbitration in accordance with the foregoing provision, the dispute shall be settled in London by binding arbitration in the English language in accordance with the Rules of the London Court of International Arbitration ("LCIA"), which Rules are deemed to be incorporated by reference into this Clause. The number of arbitrators shall be one (1) unless the Buyer deems that the dispute is a complex matter and notifies the Seller in writing that the number shall be three (3). Judgment upon the award rendered by the Arbitrator(s) may be entered in

any court having jurisdiction thereof. The Arbitrator(s) award may include compensatory damages against either Party. Under no circumstances will the Arbitrator(s) be authorised to, nor shall they award punitive damages or multiple damages against either Party. The Arbitrator(s) shall have the authority but not the obligation to award the costs of arbitration and reasonable legal fees to the prevailing Party; however, if the Arbitrator(s) do not award such costs and fees, each Party will be responsible for its costs incurred in arbitration except that the costs and fees imposed by the Arbitrator(s) for their expenses shall be borne equally by the Parties.

- b) Notwithstanding the foregoing, Seller acknowledges that money damages may not be an adequate remedy for breach of Clauses 9 and 16 of this Agreement, and Seller agrees that Buyer shall be entitled to seek injunctive relief, should Buyer allege that damages are not an adequate remedy for breach of such Clauses, and only as necessary to preserve the rights of Buyer pending final resolution of the matter by way of arbitration as set forth in (a) above.
- c) Pending resolution or settlement of any dispute arising under this Purchase Order, Seller will proceed diligently as directed by Buyer with the performance of this Purchase Order. Irrespective of the place of performance, this Purchase Order and any dispute or claim arising out of or in connection with it or its subject matter or formation shall be governed and construed in accordance with the laws of England and Wales. The provisions of the "United Nations Convention on Contracts for International Sale of Goods" shall not apply to this Purchase Order, including any amendments or changes to this Purchase Order.
- d) This Purchase Order constitutes the commercial activities of Seller. Seller hereby waives any sovereign immunity or other immunity from legal proceedings to enforce or collect upon an arbitral award rendered pursuant to this Clause 7.
- e) The dispute resolution procedures set forth herein do not supersede, delay, or otherwise affect any rights of termination that are expressly set forth herein.

8 – Remedies

- a) Except as otherwise provided herein, the rights and remedies of both Parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either Party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies; rather, the same shall remain in full force and effect.
- b) Buyer shall be entitled at all times to set off any amount owing at any time from Seller or any of its affiliated companies to Buyer, against any amount payable at any time by Buyer or any of its affiliated companies to Seller.
- c) Seller shall be liable for any costs, expenses and damages incurred by Buyer related to or arising from Seller's acts or omissions under the Agreement and/or Purchase Order.

9 - Proprietary Rights

- a) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction. This applies to all intellectual property, inventions, and works developed by Seller using Buyer's specifications and materials.
- b) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, all specifications, information, data, drawings, software and other items which are (i) supplied to Seller by Buyer or (ii) obtained or developed by Seller in the performance of this Purchase Order or paid for by Buyer shall be proprietary to Buyer, shall be used only for purposes of providing goods or services to Buyer pursuant to this Purchase Order, and shall not be disclosed to any third party without Buyer's express written consent and shall be used, held and stored in a controlled and secure manner. This includes all rights, title, and interest in all intellectual property including inventions, developments, discoveries, computer programs, and software, whether patentable or not, that are conceived, developed, or reduced to practice by Seller in the performance of this Purchase Order, and such rights shall vest in Buyer. Seller agrees to execute any necessary documents and take all reasonable actions required to perfect such rights in Buyer.

- c) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order and subject to Paragraph 9(d) below, (i) any invention or intellectual property first made or conceived by Seller in the performance of this Purchase Order or which is derived from or based on the use of information supplied by Buyer shall be considered to be the property of Buyer; and Seller shall execute such documents necessary to perfect Buyer's title thereto. (ii) The Buyer shall own any copyright interest(s) in any work performed/developed/created pursuant to this Purchase Order. Subject to Paragraph 9(d) below, to the extent any of such works do contain copyright interest(s), Seller hereby assigns to Buyer all its intellectual property rights, including its copyright rights, in such works effective immediately upon creation of such works, including when they are first fixed in a tangible medium, and Seller hereby waives all of its statutory moral rights in such works to the fullest extent permissible by law. - d) Applicable United Kingdom Government Defence Conditions (DEFCONs) and Defence Standards (DEFSTANs) or specific United Kingdom Government terms and conditions or United States Department of Defense (DoD) Federal Acquisition Regulations (FAR) or Defense Federal Acquisition Regulations (DFAR) incorporated into this Purchase Order shall, when applicable, take precedence over any conflicting provision of this Clause 9 to the extent that such terms, conditions or standards so require. The incorporation by reference of such United Kingdom Government or United States terms, conditions or standards dealing with Subcontractors rights in export-controlled information, subject inventions, copyrights, software and similar intellectual property are not intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted to Buyer pursuant to prior agreements between the Parties.

10 - Buyer's and/or Customer Property

- a) All drawings, tools, jigs, dies, fixtures, materials, and other property supplied or paid for by Buyer shall be and remain the property of Buyer; and if Seller fails to return such property upon Buyer's demand, Buyer shall have the right, upon reasonable notice, to enter Seller's premises and remove any such property at any time without being liable for trespass or damages of any sort. 12 - Order of Precedence

- a) In the event of any inconsistency or conflict between or among the provisions of this Purchase Order, such inconsistency or conflict shall, subject to Clause 9(d) above, be resolved by the following descending order of preference: 1. In cases of ambiguity in the specifications, drawings, or other requirements of this Purchase Order, Seller must, before proceeding, consult Buyer, whose written interpretation shall be final.
- c) Notwithstanding the above sub-Clauses, for Purchase Orders issued under contracts between Buyer and the U.S. Government or subcontracts at any tier under U.S. Government contracts, the Parties agree that in the event of any conflict or inconsistency between the provisions applicable to the Purchase Order and the provisions of the "Flowdown Updates" and "Flowdown of U.S. Government Contract Clauses Under U.S. Government Contracts", incorporated by reference pursuant to Clause 44, the USG Contract Clauses shall control.
- d) Notwithstanding anything to the contrary, the governing law clause shall apply uniformly across all documents and shall not be displaced by the order of precedence set out herein.

Seller further warrants that the performance of work and services shall conform with the requirements of this Purchase Order and to high professional standards. These warranties shall survive inspection, test, final acceptance and payment of goods and services.
- b) Seller agrees that acceptance of goods and services, including technical information, CAD data, drawings or documentation shall not be conclusive of the absence of latent defect and shall be without prejudice to the rights of the Buyer, under these terms and conditions or at law.
- c) Seller warrants that the goods delivered pursuant to this Purchase Order shall (i) be and only contain materials obtained directly from the Original Component Manufacturer (OCM) or the Original Equipment Manufacturer (OEM), (collectively, the Original Manufacturer (OM)) or an authorised OM reseller or distributor; (ii) not be or contain Counterfeit Items or suspect Counterfeit Items, as described below; and (iii) contain only authentic, unaltered OM labels and other markings. Seller shall obtain and retain all documentation required to fully trace the distribution and sale of the goods delivered hereunder back to the relevant OM, and, on request of Buyer, shall provide such authenticating documentation on

demand. Counterfeit Items include, but are not limited to, goods or separately-identifiable items or components of goods that: (i) are an illegal or unauthorised copy or substitute of an OM item; (ii) are not traceable to an OM sufficient to ensure authenticity in OM design and manufacture; (iii) do not contain proper external or internal materials or components required by the OM or are not constructed in accordance with OM design; (iv) have been re-worked, re-marked, re-labelled, repaired, refurbished, or otherwise modified from OM design but not disclosed as such or are represented as OM authentic or new; (v) have not passed successfully all OM required testing, verification, screening, and quality control processes; or (vi) an item with altered or disguised documentation, package labelling, or item marking intended to mislead a person into believing a non OM item is genuine, or that an item is of better or different performance when it is not. Seller further warrants that it has and shall have an internal Counterfeit Item control process for goods delivered hereunder in accordance with the standards or instructions set forth in any Buyer's specifications, including but not limited to Raytheon Quality Notes, or other provisions incorporated into this Purchase Order. Buyer shall have the right to audit, inspect, and / or approve the processes at any time before or after delivery of the goods ordered hereunder. Buyer shall have the right to require changes to the processes to conform with Buyer's defined standards, if any. Failure of the Seller to conform its processes with Buyer's defined standards may result in the termination of this Purchase Order in accordance with the termination provisions set forth herein. Seller shall include the substance of this Clause 13(c) in any agreement between Seller and its Subcontractors.

- d) Seller warrants that any hardware, software and firmware goods delivered under this Purchase Order: (i) shall not contain any viruses, malicious code, Trojan horse, worm, time bomb, self-help code, back door, or other software code or routine designed to: (a) damage, destroy or alter any software or hardware; (b) reveal, damage, destroy, or alter any data; (c) disable any computer program automatically; or (d) permit unauthorised access to any software or hardware; (ii) shall not contain any third party software (including software that may be considered free software or open source software) that (a) may require any software to be published, accessed or otherwise made available without the consent of Buyer, or (b) may require distribution, copying or modification of any software free of charge; (iii) shall not infringe any patent, copyright, trademark, or other proprietary right of any third party or misappropriate any proprietary information of any third party.
- e) This warranty entitlement shall inure to the benefit of both Buyer and Buyer's customers. As used in this Purchase Order, Buyer's customer(s) shall include its direct and indirect customers such as direct sale end-users, Subcontractors, prime contractors and the ultimate user under relevant prime contract(s).
- f) Seller shall be liable for and save Buyer harmless from any loss, damage, or expense whatsoever that Buyer may suffer from breach of any of these warranties. Remedies shall be at Buyer's election, including, but not limited to, the prompt repair, replacement or reimbursement of the purchase price of nonconforming goods and, in the case of services either the prompt correction of the defective services at no cost or reimbursement of the amounts paid for such services. Return to Seller of defective or nonconforming goods and redelivery to Buyer of repaired or replaced goods shall be at Seller's expense. Goods or services required to be corrected, repaired or replaced shall be subject to this Clause and the Inspection Clause 14 of this Purchase Order in the same manner and to the same extent as goods or services originally delivered under this Purchase Order, but only as to the repaired or replaced goods or parts thereof or the corrected service thereof. Seller shall promptly comply with Buyer's direction to (i) repair, rework or replace the goods, (ii) furnish any material or parts and installation required to successfully correct the defect or nonconformance or (iii) successfully correct the defective or nonconforming service.

14 - Inspection

- a) All goods and services shall be subject to inspection and test at all reasonable times and places by Buyer or Buyer's customer before, during and after performance and delivery. Buyer may require Seller to repair, replace or reimburse the purchase price of rejected goods or Buyer may accept any goods and upon discovery of nonconformance, may reject or keep and rework any such goods not so conforming. Within 30 days of Seller's receipt of Buyer's notification of a nonconformity, Seller shall, at Seller's sole cost and expense, investigate the nonconformity, deliver to Buyer a written report of its investigation and conclusions, and formulate a corrective action plan acceptable to Buyer. Once approved by Buyer, Supplier must then timely implement such corrective action plan. Cost of repair, rework, replacement, inspection, transportation, repackaging, and/or re-inspection by Buyer shall be at Seller's expense. Buyer's acceptance of goods or services shall not be deemed to diminish Buyer's rights or be final or binding on Buyer if latent defects, fraud, or misrepresentation on the part of Seller exists.

- b) If inspection and test are made on the premises of Seller or Seller's Subcontractors, Seller shall furnish without additional charge all reasonable facilities, information and assistance necessary for the safe and convenient inspection and tests required by the inspectors in the performance of their duty. The foregoing provisions of this Clause are supplementary to and not in lieu of the provisions of Clause 14(a) above.
- c) Neither Buyer's inspection nor any Buyer failure to inspect shall relieve Seller of any responsibility to perform according to the terms of this Purchase Order. Notwithstanding any other provision of the Purchase Order, the risk of loss of, or damage to, nonconforming goods remains with Seller until cure or acceptance.
- d) During the Inspection Period, Buyer may: (i) reject all or a portion of any nonconforming Goods; or (ii) accept all or a portion of such nonconforming Goods with a price reduction for the cost of repair or the diminution of value.

15 - Changes

- a) Buyer may, from time to time, require Seller to stop all or any portion of the work called for by the Purchase Order for a period of up to 120 days at each such time, or such longer period of time as may be required by Buyer's customers ("Stop Work Period"). Upon receipt of written notice detailing the length and scope of the Stop Work Period, Seller shall immediately comply with its terms at no charge. Within the Stop Work Period, Buyer may either: (i) cancel the stop-work order and Seller shall resume work; or (ii) terminate the work covered by the stop-work order, for default or convenience, as the context requires, in accordance with the provisions of the Purchase Order. If Buyer has not exercised its rights set forth in either (i) or (ii) above prior to the expiration of the Stop Work Period, then at least 30 days prior to said expiration, Seller shall notify Buyer of its intent to resume work under the applicable Purchase Order and shall obtain Buyer's written consent prior to resuming work.
- b) Information, advice, approvals or instructions given by Buyer's technical personnel or other representatives shall be deemed expressions of personal opinion only and shall not affect Buyer's and Seller's rights and obligations hereunder unless set forth in writing which is signed by Buyer's purchasing representative and which states it constitutes an amendment or change to this Purchase Order.

16 – Infringement

Seller represents and warrants that all goods and services (for purposes of this Clause 16 hereinafter "Items"), provided by Seller pursuant to this Purchase Order, which are not of Buyer's design, do not infringe or misappropriate any third party intellectual property rights and that any use or sale of such items by Buyer or any of Buyer's customers shall be free from any claims of infringement. This indemnity shall apply globally and includes all direct and indirect claims, including those based on the import, export, sale, or use of such Items. Seller shall indemnify and hold Buyer, and its customers harmless from any and all expenses, liability, and loss of any kind (including all costs and expenses including legal fees) arising out of claims, suits, or actions alleging such infringement, which claims, suits, or actions Seller, hereby, agrees to defend, at Seller's expense, if requested to do so by Buyer. Moreover, Seller may replace or modify infringing items with comparable items acceptable to Buyer of substantially the same form, fit, and function so as to remove the source of infringement, and Seller's obligations under this Purchase Order including those contained in Clause 13 and in this Clause 16 shall apply to the replacement and modified items. Such replacements or modifications shall not degrade the quality, performance, or compliance of the Items. If the use or sale of any of the above items is enjoined as a result of such claim, suit or action, Seller, at no expense to Buyer, shall obtain for Buyer and its customers the right to use and sell said item.

17 – Taxes
