

The future of aerospace and defense

RTX is the world's largest aerospace and defense company. With more than 185,000 global employees, we push the limits of technology and science to redefine how we connect and protect our world. Through industry-leading businesses – Collins Aerospace, Pratt & Whitney, and Raytheon – we are advancing aviation, engineering integrated defense systems for operational success, and developing next-generation technology solutions and manufacturing to help global customers address their most critical challenges.

KEY CAPABILITIES

- Advanced structures
- Aircraft engines and auxiliary power systems
- Aircraft interiors
- Avionics
- Cargo, landing, propeller and actuation systems
- Integrated air & missile defense
- Mission systems
- Power and controls
- Precision effects
- Systems integration and sensors

RTX consists of three highly specialized businesses:

Collins Aerospace

Specializes in advanced structures, avionics, connected aviation solutions, interiors, mission systems, and power and control systems that serve customers across the commercial, regional, business aviation and defense sectors.

Pratt & Whitney

Designs, manufactures and services the world's most advanced aircraft engines and auxiliary power systems for commercial, military and business aircraft.

Raytheon

Creates next-generation defense solutions that are smarter, faster and better than previously thought possible. Specializes in integrated air and missile defense, advanced sensors, space-based systems, hypersonics and effectors.

Our values drive our actions, behaviors and performance.

Trust

We act with integrity and do the right thing.

Respect

We embrace diverse perspectives and treat others the way they want to be treated.

Accountability

We honor our commitments, expect excellence and take pride in our work.

Collaboration

We share insights, learn together and perform as a team.

Innovation

We experiment, design, build and transform with speed and agility.

Social impact

We have a responsibility to change the world for the better.

Through transformative investments, we aim to enable lifelong learning, honor those who serve, and create local impact in communities around the globe.

Enabling lifelong learning: By investing in lifelong learning, we're driving multigenerational impact that propels diversity in STEM fields.

Honoring service: We are committed to supporting the men and women who keep us safe every day by investing in programs that prepare veterans for new careers, keep military families connected and inspire their children through education.

Supporting communities: Our strategic community initiatives and employee volunteerism are achieving measurable local impact around the world.

Diversity, equity and inclusion

A diverse company is a strong company.

We are committed to ensuring all our employees and partners feel respected, valued and supported. We know companies that embrace diversity in all its forms not only push the limits of known science and deliver stronger business results, but also become a force for good, creating greater opportunity for communities around the world.

We leverage those unique voices to generate solutions toward a united and singular purpose: to define the future of aerospace and defense.
