

One Acquisition Solution for Integrated Services (OASIS)

OASIS is a government-wide, Best-in-Class contract vehicle for complex professional services on a global basis.

BENEFITS

- Single solution for complex requirements

- No contract ceiling

- Supports both FAR Part 16.505 and commercial FAR Part 12 acquisition

- Supports all contract types (cost reimbursable, fixed price, T&M)

- Supports classified and unclassified, CONUS and OCONUS requirements

- Fast, streamlined procurement

- Ordering contracting officer controls terms, requirements, evaluation, and award

- GSA Assisted Acquisition Service available to support, including free scope review

Scope

The core disciplines of the contract include program management, engineering services, research and development, scientific services, training, logistics, and other management and financial services.

Services under OASIS span 28 NAICS codes and are allocated among 7 NAICS code pools. Agencies can solicit task order proposals from contractors holding awards in the pool with the NAICS code that matches the agency's requirement.

RTX Corporation awarded pools include the following scope areas:

Pool 1 (NAICS 541330)

Engineering Services, Human Resources Consulting, Environmental Consulting, Scientific and Technical Consulting, Training, and Management Consulting

Pool 3 (NAICS 541330, exception A)
Engineering for Military and Aerospace Equipment and Military Weapons, and Engineering for Naval Architecture

Pool 4 (NAICS 541715)

Research and Development in the Physical, Engineering, and Life Sciences

Pool 5A (NAICS 541715, exception B)

Research and Development in Aircraft Parts, and Auxiliary Equipment and Aircraft Engine Parts

Pool 5B (NAICS 541715, exception C)

Research and Development in Space Vehicles and Guided Missiles

Pool 6 (NAICS 541715, exception A)

Research and Development in Aircraft

OASIS

Contract facts

Title	One Acquisition Solution for Integrated Services (OASIS)
Contract number	Pool 1: GS00Q14OADU129, Pool 3: GS00Q14OADU328, Pool 4: GS00Q14OADU427, Pool 5A: GS00Q14OADU515, Pool 5B: GS00Q14OADU615, Pool 6: GS00Q14OADU727
Host agency	General Services Administration (GSA)
Procuring agency	Any federal government agency, with delegation of procurement authority from GSA
Prime contractor	RTX; managed by corporate Contract Vehicle Center (CVC)
Customers	Any federal government agency, with user fee ranging from 0.1% to 0.75%
Ceiling	None. Task orders and contract vehicle have no dollar limit
Ordering Period	September 3, 2014 through April 2, 2025. Task orders can extend 5 years beyond.
Scope of work	Professional service disciplines integrated to provide a total solution to agency needs. Scope also allows ancillary services and material necessary to complete a total solution
Terms	Pre-negotiated clauses in basic contract. Unique terms can be added at task order level
Bidding rates	Forward pricing rates, unless sole-source T&M proposal (labor rates on contract)
Appropriation	No restrictions. The type of funds must be appropriate for the scope of work

Ordering process

Acquisition Planning	The agency end-user conducts standard acquisition planning activity and chooses between two acquisition methods: assisted or direct. End-users can utilize GSA Assisted Acquisition Services to place orders, or obtain a Delegation of Procurement Authority (DPA) to place Direct Orders.
Define Requirements	The agency end-user defines requirements for the Task Order Request (TOR) and builds solicitation using FAR Part 16.505 or FAR Part 12.
Release Solicitation	All OASIS prime contractors are provided fair opportunity to respond to TORs.
Evaluate Proposals	Proposals (oral and/or written) are evaluated by end-user agency and GSA, if applicable.
Award Task Order	Task Order is issued to the “best value” contractor.
