

STC Information Sheet

FAA STC: ST03330AT

Master Drawing List: 2-33226-001

Aircraft: Beechcraft 400A

Configuration: 1

EMTEQ (B/E Aerospace) LED Reading, LED Washlight System and Air Gasper Installation (RK-110 and after)

Mod. Order: 2-33226-800

AFMS: N/A

Master Kit List: 2-33226-801

ICA: 2-33226-905

Configuration: 2

EMTEQ (B/E Aerospace) LED Reading, LED Washlight System and Air Gasper Installation (RK-1 thru RK-109, except RK-98)

Mod. Order: 2-46201-800

AFMS: N/A

Master Kit List: 2-46201-801

ICA: 2-46201-905

Summary:

The EMTEQ (B/E Aerospace) LED Reading and Washlight systems replace the existing incandescent and fluorescent lighting. The EMTEQ (B/E Aerospace) LED lighting utilizes all of the existing lighting controls and there are no changes to the operational aspects of the lighting systems. The EMTEQ (B/E Aerospace) Air Gaspers are direct replacements for the existing OEM units.

Notes:

* XXX is the length in inches

Material List

QTY	Part Number	Description	Source/MFGR
A/R	ELR07-2800CA-4	LED Reading Light	B/E Aerospace
A/R	ELW30-XXX102-01*	LED Wash Light Assembly	B/E Aerospace
A/R	EMG04-01	Air Gasper	B/E Aerospace
1	B400-LED-100	Kit, LED Lighting	B/E Aerospace
