

STC Information Sheet

FAA STC: ST03973AT

Master Drawing List: 2-99066-001

Aircraft: Boeing B747-100/-100B/-100B SUD/-200B/-200F/-200C/SR/SP/-300 Series

Configuration: 1

EMTEQ (B/E Aerospace) LED Anti-Collision Light (ACL) Installation

Mod. Order: 2-99066-801

AFMS: N/A

Master Kit List: N/A

ICA: 2-99066-803

Summary:

The EMTEQ (B/E Aerospace) Upper LED Anti-Collision Light (ACL) is installed in place of the existing upper ACL located at STA 570 on top of the aircraft fuselage. The EMTEQ (B/E Aerospace) Lower LED Anti-Collision Light (ACL) is installed in place of the existing lower ACL located at STA 1150 on the bottom of the aircraft fuselage. The EMTEQ (B/E Aerospace) LED ACLs are fit, form and function replacements of the aircraft's existing ACL assemblies.

Notes:

N/A

Material List

QTY	Part Number	Description	Source/MFGR
1	03-3000-0000	Upper LED Ant-Collision Light	B/E Aerospace
1	03-3000-0001	Lower LED Ant-Collision Light	B/E Aerospace
1	AG768000-63	Gasket	AV-DEC
1	AG768000-64	Mounting Gasket	AV-DEC
1	AG768000-66	Gasket	AV-DEC
10	BACB30LH3-5	Mounting Screw	Boeing
