

## STC Information Sheet

**FAA STC:** ST04436AT

**Master Drawing List:** 2-197183-001

**Aircraft:** Boeing 737-600/700/700C/800/900/900ER Series

**Configuration:** 1

Installation of the Rockwell Collins GLU-2100 Multi Mode Receiver (MMR)

**Mod. Order:** 2-197183-801

**AFMS:** N/A

**Master Kit List:** N/A

**ICA:** 2-197183-804

### Summary:

The Rockwell Collins GLU-2100 Multi-Mode Receiver (MMR) Installation consists of replacing the existing Honeywell RMA-55B, Thales TLS755, or Rockwell Collins GLU-920/925 MMRs with Rockwell Collins GLU-2100 MMRs. In addition, the existing TSO-C129 GPS antennas are replaced with TSO-C190 GPS antennas.

### Notes:

\* Approved software:

COL4B-0087-0712, Operational Software, OPS (GLUS-2100)

COL4F-0087-1001, Field Programmable Gate Array, FPGA (GLIS-2100)

COL4B-0109-0003, Option Select Software, OSS (OSS-2100)
