

STC Information Sheet

Aircraft: Airbus A319/A320/A321 Series

Configuration: 2

Installation of the Rockwell Collins GLU-2100 Multi Mode Receiver (MMR)

Mod. Order: 2-197187-801

AFMS: N/A

Master Kit List: 2-197186-802

ICA: 2-197186-803

Summary:

The Rockwell Collins GLU-2100 Multi-Mode Receiver (MMR) Installation consists of replacing the existing Honeywell RMA-55B, Thales TLS755, or Rockwell Collins GLU-925 MMRs with Rockwell Collins GLU-2100 MMRs. In addition, if required, the existing TSO-C129 GPS antennas are replaced with TSO-C190 GPS antennas.

Notes:

- (1) Required if aircraft are currently equipped with TSO-C129 GPS antennas.
- (2) RCU4B0009000600, OPS Operational Software (GLUS-2100A)
